

The Journey

Eric Myles Project

Verse 1

There are places, I remember
or maybe just imagined
as time goes on, they don't matter
only here and now

Verse 2

There are friends, I remember
or maybe I imagined
as time goes on, they don't matter
Only you and me (carry on)

Chorus

Time goes on,
One breath at a time
Once there were many,
now too few
If you take my breathe away,
I am just a memory
Care to make the journey, breathe life into you
Friends who make the journey, breathe life into you (3X)

Verse 3

Talkin' bout my generation
Ch-ch-ch-changing
So right, so beautiful
Look at you now

Verse 4

Two faces, one is true
Which one are you
Two faces, inside and out
Don't come round here no more

Chorus

Bridge

Friend friend walkin, walkin, walk in my shoes || Hmmmm - Have faith
Feel my sole as you walk in my shoes
See see what you see, Through my eyes || Hmmmm - Have faith
See see what you see, I see you

Repeat Chorus, outro
